

InnoShape Body Studio's Price Match Guarantee is part of our commitment to help you kick start your fitness, beauty and wellness journey without unnecessary delay. If you see an identical treatment being offered at a better price elsewhere, we will match it! Simple and sensible terms and conditions apply to our Price Match Guarantee:

1. Valid only for new packages / services to be purchased. Any current packages that already paid or being in use are not to be transferred for the price match purpose.
2. Not all devices are the same. We only accept price match requests for treatments provided by vendors across Australia using the devices identical to ours. We will not accept a price match request for the same type of treatments performed with a different brand of device. For example, we will only match deals for muscle building treatments if they are performed with TESLAFormer™ or HIFU treatments with DualHI+™.
3. Offers must be genuinely advertised on the provider's Website, Social Media or printed newsletter / catalogue or confirmed by email. They must be in current and verifiable. Expired offers, verbal offers or pricing errors are not valid for our Price Match Guarantee.
4. Price Match Guarantee cannot be used in conjunction with any other promotional offers or free session incentives at our Studio.
5. We reserve the right to review the validity of an offer, decline a Price Match request, alter the terms and conditions of our Price Match Guarantee or withdraw it without advance notice.

Still have questions? Found a better deal? Contact us any time - we're happy to help.
